

Poster Session

	Name	Affiliation	Presentation Title
Poster 01	ASAHARA, Masakazu	Zool, Kyoto University	How Had Dholes and Bush Dogs Lost Their Last Molars?: Evolution of Dental Formulae in Canids (Canidae, Carnivora, Mammalia)
Poster 02	FUJINAGA, Shohei	Center of Ecological Research, Kyoto University	Differences between Particle-Attached and Free-Living Bacteria Community in the Chikugo River
Poster 03	HAMABATA, Tomoko	Zool, Kyoto University	Population Genetic Structure of Green Turtles Nesting in Japan
Poster 04	HARASAWA, Makiko	WRC, Kyoto University	Regulation of Maternal Investment according to the Situation in Japanese Macaques
Poster 05	HAYAKAWA, Takashi	PRI, Kyoto University	Eco-Geographical Differences of the Sense of Bitter Taste in Chimpanzees
Poster 06	IKEDA, Takehide	TITech	The Coloration of Neon Tetras
Poster 07	ITO, Hideyuki	WRC, Kyoto University	Development of Microsatellite Markers for Endangered Grevy's Zebra (<i>Equus grevyi</i>) by the Next Generation Sequencer
Poster 08	IZUTSU, Minako	BP, Kyoto University	Genome Features of "Dark-fly", a <i>Drosophila</i> Line Reared Long-Term in a Dark Environment
Poster 09	KOIZUMI, Yuki	Zool, Kyoto University	Molecular Phylogeography of Three Species of the Genus <i>Scincella</i> (Squamata: Scincidae) from East Asian Islands and Korea Based on Mitochondrial DNA
Poster 10	KURATORI Hidetoshi	WRC, Kyoto University	Handling Techniques of Great Apes in the Japanese Zoos and Conservation Activities
Poster 11	MATSUOKA, Shunsuke	Center of Ecological Research, Kyoto University	Detection of Ectomycorrhizal Fungi in Forest Floor Substrate in a Subtropical Forest in Japan Using a Next Generation Sequencer
Poster 12	SATO, Hiroki	Center for African Area Studies, Kyoto University	Key Role of Brown Lemur as the Largest Seed Disperser in a Madagascan Tropical Forest
Poster 13	SHIMOYAMA, Seira	Biophysics, Kyoto University	Molecular Neurological Analysis of the Pharynx Extension during Feeding Behavior in Planarians
Poster 14	SHINDO Riyako	Zool, Kyoto University	Echolocation of the whirligig beetle, <i>Dineutus orientalis</i>
Poster 15	TAJIMA, Tomoyuki	Zool, Kyoto University	Mating Success of Male Bornean Orangutans in Sepilok Orangutan Rehabilitation Centre, Sabah, Malaysia
Poster 16	TSUJI, Kaoru	Zool, Kyoto University	Sexually Biased Florivory of the Forest Shrub <i>Eurya japonica</i>
Poster 17	UEDA, Sayoko	TITech	Difference of Facial Color Patterns between Solitary and Social Canid Species
Poster 18	YAMASAKI, Eri	Center of Ecological Research, Kyoto University	Contribution of Disk-Shaped Glands on the Inflorescences to Pollination in <i>Macaranga sinensis</i> (Euphorbiaceae)
Poster 19	YAMASHINA, Chisato	Center for African Area Studies, Kyoto University	The Effects of Termite Mounds on Species Diversity of Woody Plants in Mopane Woodland in Namibia
Poster 20	YOKOTA Kei	Zool, Kyoto University	Female Pheromone Use and Courtship Behavior of the Praying Mantis, <i>Statilia maculata</i>
Poster 21	TAKESHITA, Sayuri	PRI, Kyoto University	Dehydroepiandrosterone-sulfate concentrations in Japanese macaques (<i>Macaca fuscata</i>): the influence of age and season
Poster 22	YAMANE, Yumi	ASAFAS	Ranging Pattern and Feeding Habits of Wild Leopards in Urban Landscape of Nairobi National Park, Kenya
Poster 23	Participants of Training Course, Monkey Team 1		Report of Training Course
Poster 24	Participants of Training Course, Monkey Team 2		Report of Training Course
Poster 25	Participants of Training Course, Gecko Team		Report of Training Course
