

# Collaboration for Conservation and Sustainable Utilization of Wildlife Resources in Ghana

8<sup>th</sup>-9<sup>th</sup> June, 2010, Seminar House of Graduate School of Science, Kyoto University  
Wildlife Research Center & Laboratory of Human Evolution Studies

Supported by Japan Society for the Promotion of Science

\*\*\*\*\*

## 8<sup>th</sup> June

\*\*\*\*\*

13:00-13:15	<b>Gen'ichi IDANI</b> Kyoto University	Opening Remark
13:15-13:50	<b>Boniface Baboreka KAYANG</b> University of Ghana	Conservation of farm animal genetic resources in Ghana
13:50-14:25	<b>Augustine NAAZIE</b> University of Ghana	Characterization of local chicken in Ghana
14:25-14:40	<b>Christopher ADENYO</b> Kyoto University	Genetic analysis of cane rat in Ghana
14:40-14:55	----- Coffee Break -----	
14:55-15:30	<b>Eiji INOUE, Yoshihiro NAKASHIMA</b> Kyoto University	Monitoring diversity and abundance of the mammals using genetic analysis and camera trapping in Gabon
15:30-16:05	<b>Mari TERAKAWA</b> Kyoto University	The impact of the local extinction of a Japanese macaque on seed dispersal effectiveness in the large-seeded tree <i>Myrica rubra</i>
16:05-16:20	<b>Hiroki SATO</b> Kyoto University	Seed dispersal systems in Malagasy forests
16:20-16:35	----- Coffee Break -----	
16:35-17:10	<b>Hideto FUKUSHI</b> Gifu University	Research on viral infectious diseases and antibiotic resistant bacteria in wildlife and domestic animals of Zambia and Tanzania from the ecological point of view
17:10-17:25	<b>Sherif Ibrahim Ahmed RAMADAN</b> Kyoto University	Analysis of genetic diversity of Egyptian native livestock based on microsatellite markers
17:25-17:40	<b>Azusa HAYANO</b> Kyoto University	Genetic diversity of stranded dolphins
18:00-20:00	----- Party -----	

\*\*\*\*\*

## 9<sup>th</sup> June

\*\*\*\*\*

9:10- 9:45	<b>Kazunari USHIDA</b> Kyoto Prefectural University	Microbiology on the wild animal -Experiments in chimpanzees and gorillas in the wild-
9:45-10:20	<b>Erasmus Henaku OWUSU</b> University of Ghana	Conservation of vertebrate species in Ghana
10:20-10:35	<b>Hideaki ABE</b> Kyoto University	DNA Barcoding for species identification of African birds
10:35-10:50	----- Coffee Break -----	
10:50-11:25	<b>Ebenezer Oduro OWUSU</b> University of Ghana	Entomology in Ghana
11:25-11:40	<b>Naoki MATSUURA</b> Kyoto University	Crop raiding by wildlife around Moukalaba-Doudou National Park in Gabon
11:40-12:15	<b>Takanori OISHI</b> Kyoto University	Collaborative research on human ecology in South East Cameroon: Toward longterm anthropological research (LTAR) and spontaneous development of forest population
12:15-12:30	<b>Miho MURAYAMA</b> Kyoto University	Plan for the future collaboration of Ghana and Japan
